1. *Short title and extent.*—(1) These rules may be called the Co-operative Societies' Agricultural Loans Rules, 1922.

(2) They shall apply to loans granted to members of agricultural Co-operative Societies with unlimited liability only.

2. *Definitions.*—In these rules—

(a) " the Act " means the Agriculturists' Loans Act, 1884;

(b) " Taluka Officer " means the Mamlatdar of the taluka or any officer subordinate to him duly empowered by the Collector to grant takavi loans under the Act;

(c) " Registrar " means the Registrar of Co-operative Societies, Bombay Presidency, or any officer to whom he may delegate all or any of his powers and duties.

3. *Consent of Managing Committee.*—No member of an agricultural co-operative society with unlimited liability shall be granted a loan under the Act unless the consent of the Managing Committee of the Society of which he is a member, has been obtained in writing.

4. *Application for loan.*—When the consent of the Society has been obtained as aforesaid the member may, at his option—

(a) apply to the Taluka Officer in the usual form, attaching to the application, the written consent required by Rule 3. Such written consent shall specify the maximum loan to which the Managing Committee has given its consent and the amount already borrowed from the society; the applicant shall also offer independent security, the society undertaking no responsibility of any kind for the repayment of the loan; such application shall be dealt with thereafter as an application under the ordinary rules; or

(b) request his society to obtain the loan on his behalf and to stand as surety for him.

5. *Society to submit a consolidated application for loans.*—The society shall, from time to time, prepare a list of members wishing to obtain loans under rule 4 (b), for whom it is willing to stand as surety, and shall submit such list to the Taluka Officer for disposal through the authorized Government Auditor of the society, provided that—

(5) the Society shall submit its consolidated application in the attached form;

(6) loans may be advanced either on mortgage or personal security. In the latter case, the Managing Committee of the Society shall insist on the borrower producing one surety in addition to the society;

(7) the Society shall not undertake any duties or liabilities in connection with loans under the Act to non-members;

(8) the Society shall have been placed in the A or B class at the last preceding audit.

Note.—On the written request of any Society the restrictions imposed in clauses (1) and (8) of this rule may be relaxed by the Collector with the previous consent of the Registrar.

6. *Sanction of loan.*—The Taluka Officer on receipt of such application from a society, shall, if it is certified by the authorized Government Auditor of the society to be in order and correct to the best of his knowledge, and if it complies with the conditions prescribed in rule 5, sanction the loan forthwith, provided that the takavi allotment at his disposal is sufficient.

7. *Execution of bonds.*—When the loan has been sanctioned, the whole amount shall be paid to a duly authorised representative of the society, who shall also be supplied with forms of bonds. The Society will be responsible for the execution of bonds, the distribution of the money among the applicants and the return of the bonds duly executed within 10 days to the Taluka Office. 9. *Loans in normal years.*—Loans shall ordinarily be granted to members of Co-operative Societies with unlimited liability in years of scarcity only and in normal years shall be granted only with the prior consent of the Assistant Registrar.

N.B.—(a) *Income accruing to you outside British India received in British India is liable to taxation, and must be entered by you in the form.*

(b) *All income from whatever source derived must be entered in the form, including income received by you as a partner of a firm.*

Note 1.—In column 2 should be shown the gross amount of salary and not the net amount after deductions on account of income-tax, provident funds, etc.

Note 2.—“Interest on securities” means the interest on promissory notes or bonds issued by the Government of India or a local Government, or the interest on debentures or other securities for money issued by or on behalf of a local authority or company. Where income-tax has been deducted from the interest, or where the interest has been paid income-tax free, the amount of tax so deducted or paid should be added to the amount of interest actually received, and the gross amount so arrived at should be entered in column 2 of the statement. The term “Interest on securities” does not include interest on fixed deposits or mortgages or other loans, which have to be shown under heading 8.

The interest on securities of the Government of India or of Local Government declared to be income-tax free should be shown under head 3. Those which are not declared to be income-tax free should be included under this head.

Entries under this head must be supported by the certificate issued by the person or Company paying the interest under section 18 (9) of the Act.

Note 3.—(a) The income-tax payable on the interest receivable on a security of a Local Government issued income-tax free is payable by the Local Government and not by the holder of the security.

(b) Only the interest on securities of the Government of India or of a Local Government declared to be income-tax free should be entered against this head. Such interest will not be charged to income-tax, but it must be included in the statement of total income in order to ascertain the rate of income-tax chargeable on other income. It is chargeable to super-tax.

(c) Particulars of any interest on securities issued by other authorities and stated to be free of income-tax should be entered against head 2, as income-tax on such interest is actually paid by these authorities on behalf of the recipients.

Note 4.—The tax is payable under this head in respect of the *bona fide* annual value of any buildings or lands appertenant thereto of which you are the owner, other than such portions of such buildings and lands as you may occupy for the purpose of your business.

(b) Where you do not keep your accounts in such a form, you must file a statement showing how you arrive at the taxable profits, i. e., showing details of the gross receipts and of the expenditure you propose to set against those receipts. No deductions are permissible on account of—

- (i) Property owned and occupied by the owner of a business for the purposes of a business ;
- (ii) Additions to or alterations, extensions, or improvements of any of the assets of the business ;
- (iii) Interest on the capital of the proprietors or partners of the business ;
- (iv) Bad debts not actually written off in the accounts ;
- (v) Losses sustained in previous years ;
- (vi) Reserves of any kind ;
- (vii) Sums paid on account of the income-tax or super-tax or any tax levied by a local authority other than local rates or municipal taxes in respect of the portion of the premises used for the purpose of the business ;
- (viii) Any expenditure of the nature of charity or a present ;
- (ix) Any expenditure of the nature of capital ;
- (x) Any loss recoverable under an insurance or a contract of indemnity ;
- (xi) Depreciation of any kind other than that specified in the Act ;
- (xii) Drawings or salaries of the proprietors or the partners ;
- (xiii) Private or personal expenses of the assessee ;
- (xiv) Any expenditure of any kind which is not incurred solely for the purpose of earning the profits.

If you have included any such sums in your expenditure in your books, you must exclude them from the expenditure permissible for the purpose of arriving at your taxable profits.

Note 6.—The income, profits or gains shall be computed after making allowance for any expenditure (not being in the nature of capital expenditure) incurred *solely* for the purpose of such profession or vocation, provided that no allowance is made on account of any of your personal expenses. Professional fees received by you in any part of India (whether within British India or not) must be included by you in your receipts.

Note 7.—Income-tax chargeable on the profits of companies is paid by the companies, so that the dividends which shareholders receive represent the net amount remaining after income-tax has been paid. The amount of income-tax paid upon these dividends, even if the dividends are stated to be income-tax free, should be added to the amount of the dividends actually received, and the gross amount arrived at should be entered in column 2 of the statement.

If the rate of tax applicable to your total income is less than the rate at which tax has been paid upon your dividends, you may, by attaching the company's certificate received with the dividends, have the excess collected on your dividends from the company set against the tax payable by you on your other income instead of having to apply separately for a refund.

Note 8.—Agricultural income from land not paying land revenue or local rates to an authority in British India should be included under this head.

Note 9.—Deductions from total income can only be made for insurance premia in respect of insurance on your own life or on the life of your wife, or in respect of a contract for a deferred annuity on your own life or on the life of your wife. No deduction is permissible in the case of any other form of insurance except in the case of Hindu undivided families where deductions are permissible on account of premia paid in respect of insurance on the life of any male member of the family or of his wife. The original receipt or the certificate of the insurance company to which the premium was paid must be attached to the return.

23. In the case of income derived in part from agriculture and in part from business an assessee shall be entitled to deduct from such income the market value of any agricultural produce raised by him or received by him as rent in kind which he has utilized as raw material for the purposes of his business or the sale receipts of which are included in the accounts of his business. The balance of such income shall be deemed to be income derived from the business and no further deduction shall be made therefrom in respect of any expenditure incurred by the assessee as a cultivator or receiver of rent in kind.

24. For the purposes of rule 23 'market value' shall be deemed to be :—

- (a) where agricultural produce is ordinarily sold in the market in its raw state, or after application to it of any process ordinarily employed by a cultivator or receiver of rent in kind to render it fit to be taken to market, the value calculated according to the average price at which it has been so sold during the year previous to that in which the assessment is made ;
- (b) where agricultural produce is not ordinarily sold in the market in its raw state, the aggregate of—
 - (1) the expenses of cultivation ;
 - (2) the land revenue or rent paid for the area in which it was grown ; and
 - (3) such percentage of the aggregate of (1) and (2) as the Board of Inland Revenue may from time to time fix for the class of produce concerned.

25. In the case of Life Assurance Companies incorporated in British India whose profits are periodically ascertained by actuarial valuation, the income, profits and gains of the Life Assurance Business shall be the average annual net profits disclosed by the last preceding valuation, provided that any deductions made from the gross income in arriving at the actuarial valuation which are not admissible for the purpose of income-tax assessment, and any Indian income-tax deducted from or paid on income derived from investments before such income is received, shall be added to the net profits disclosed by the valuation.

26. Rule 25 shall apply also to the determination of the income, profits and gains derived from the annuity and capital redemption business of life assurance companies, the profits of which can be ascertained from the results of an actuarial valuation.

27. If the Indian income-tax deducted from interest on the investments of a company exceeds the tax on the income, profits and gains thus calculated, a refund may be permitted of the amount by which the deduction from interest on investments exceeds the tax payable on such income, profits, and gains.

28. In the case of other classes of insurance business (fire, marine, motor car, burglary, etc.) of a company incorporated in British India, the income, profits or gains shall be determined in accordance with the provisions of the Act, subject to the allowance specified in the rule next following.

29. If in the ordinary accounts of any insurance business other than Life Assurance, Annuity, or Capital Redemption Business carried on by an Insurance Company any amount is actually charged against the receipts for the sole purpose of forming a reserve to meet outstanding liabilities or unexpired risk in respect of policies which have been issued (including risk of exceptional losses) and is not used for any other purpose such amount may be treated as expenditure incurred solely for the purpose of earning the profits of the business.

30. Any amount either written off in the accounts or through the Actuarial Valuation Balance Sheet to meet depreciation of, or loss on, securities or other assets, or which is carried to a reserve fund formed for that sole purpose and not used for any other purpose, may be treated as expenditure incurred solely for the purpose of earning the profits of the business. Any sums taken credit for in the accounts or Actuarial Valuation Balance Sheet on account of appreciation of or gains on the securities or other assets shall be deemed to be income chargeable to tax, subject always to deduction of such portion thereof as has been otherwise taken into account in calculating the income, profits or gains.

31. The income, profits and gains of companies carrying on Dividing Society or Assessment business shall be taken at 15 per cent. of the premium income in the previous year and, in the case of non-resident companies, at 15 per cent. of the Indian premium income in the previous year.

32. Notwithstanding anything contained in rules 25 to 31, the total income, however, of an insurance company carrying on more than one class of business shall be determined by its aggregate income from all classes of businesses.

33. In any case in which the Income-tax Officer is of opinion that the actual amount of the income, profits, or gains accruing or arising to any person residing out of British India whether directly or indirectly through or from any business connection in British India cannot be ascertained, the amount of such income, profits, or gains for the purposes of assessment to income-tax may be calculated on such percentage of the turnover so accruing or arising as the Income-tax Officer may consider to be reasonable, or on an amount which bears the same proportion to the total profits of the business of such person (such profits being computed in accordance with the provisions of the Indian Income-tax Act) as the receipts so accruing or arising bear to the total receipts of the business, or in such other manner as the Income-tax Officer may deem suitable.

34. The profits derived from any business carried on in the manner referred to in section 42 (2) of the Act may be determined for the purposes of assessment to income-tax according to the preceding rule.

35. The total income of the Indian branches of non-resident insurance companies (Life, Marine, Fire, Accident, Burglary, Fidelity Guarantee, etc.), in the absence of more reliable data, may be deemed to be the proportion of the total income, profits or gains, of the companies, corresponding to the proportion which their Indian premium income bears to their total premium income.

36. An application for a refund of income-tax under section 48 of the Act shall be made in the following form :—

LATE NOTIFICATIONS.

LEGAL DEPARTMENT.

Secretariat, Fort, Bombay, 12th July 1922.

No. 1380.—For the purpose of sub-section (I) of section 72A of the Government of India Act, and in pursuance of sub-rule (2) of rule 24 of the Bombay Electoral Rules, His Excellency the Governor is pleased to nominate Mr. P. W. MONTE, C.S.I., I.C.S., being an official, to be a member of the Legislative Council of the Governor of Bombay in place of Sir LAWLESS HEPPEL, Kt., resigned.

By order of His Excellency the Honourable the Governor,

A. C. WILD,
Secretary to Government.

FINANCE DEPARTMENT.

Secretariat, Fort, Bombay, 12th July 1922.

No. S.-20-C.—The following notifications by the Government of India, Home Department, are republished :—

“ ESTABLISHMENTS.

No. F.-267. dated Simla, the 5th July 1922.

The following announcement of the Secretary of State dated the 5th July 1922, is published for general information :—

The Secretary of State for India in Council has decided in consultation with the Government of India to make the following modifications in the orders announced in the Resolution of the Government of India of November the 8th last, relating to the conditions and terms upon which officers of the All-India Services may retire prematurely if they desire to do so in view of the change in the conditions of their employment brought about by the introduction of constitutional reforms.

1. The orders in question at present give members of the Services to which they relate who arrived in India for the first time on a date antecedent to January the 1st, 1920, an option of retiring which expires on March the 31st, 1924. The Secretary of State in Council has decided that the option, instead of expiring on March the 31st, 1924, shall continue in force and may be exercised until the action proposed to be taken on the Report of the Parliamentary Commission provided for by the Government of India Act is known, when the whole position will necessarily be reviewed.

2. It follows from this decision that the restriction that leave taken in anticipation of retirement must be completed before March the 31st, 1924, is also removed. Officers proposing to retire prematurely, provided they have submitted a definite application for permission to retire accompanied by the prescribed form of declaration, will ordinarily be allowed before their retirement takes effect to avail themselves of the full amount of leave which is due to them, and which may be granted to them at one time under the regulations for the time being in force and applicable to them otherwise than on medical certificate. A mere intimation of a possible intention to retire will not entitle an officer to have his application for leave dealt with under these rules.

An officer who has submitted an application to retire supported by a declaration and has obtained leave on the basis of it will not be permitted to cancel his application and to return to duty without the consent of his local Government.

An officer on leave will be at liberty to submit an application to retire with the prescribed declaration and will then, unless his local Government considers his return necessary, be placed in the same position as an officer who has submitted his application in India.

3. The following form of declaration is substituted for that required by the present rules :—

‘ In view of the changes in the conditions of my service occasioned by the Government of India Act, 1919, I desire to retire on the terms set forth in the orders relating to premature retirement.’

4. The Secretary of State in Council is prepared to permit officers retiring prematurely to take up other employment during the currency of their leave preparatory to such retirement, subject to the following conditions :—

- (a) that if the proposed employment lies in India the specific consent of the Governor General in Council shall be obtained, and that if the proposed employment lies elsewhere than in India, the specific consent of the Secretary of State in Council shall be obtained; and

(b) that a request for such permission must be accompanied by a definite request for permission to retire at the expiry of the leave.

The Governor General in Council or the Secretary of State in Council, as the case may be, will ordinarily grant permission to take up employment in these circumstances unless they consider the employment under consideration is such as could not with propriety be held by a person who is still in the service of the Crown in India, or alternately they may grant the desired permission in any such case subject to the stipulation that the acceptance of the employment in question will preclude the officer from withdrawing his request to retire and from returning to duty in India.

Even in cases where the stipulation above mentioned has not been made an officer who has been granted permission to take up such employment will not be permitted to withdraw his request for permission to retire and to return to duty in India without the specific consent of the Secretary of State in Council who will before giving such consent consult the Government of India and the local Government under which the officer was employed.

5. The Secretary of State in Council desires it to be understood that eligibility to retire on proportionate pension is not an absolute right which accrues on signature and presentation of the prescribed declaration. The Secretary of State reserves to himself the right to arrange for a combined pension under the ordinary rules on their final retirement in the case of officers who have obtained employment with his permission in other departments under the Crown or to withhold permission to retire or to permit retirement on reduced pension only, if circumstances exist which justify this course (*vide* article 470, Civil Service Regulations). Thus it would not be open to an officer against whom disciplinary proceedings were pending or in contemplation which might result in the reduction or the withholding of his pension to avoid such proceedings by an application for permission to retire on proportionate pension.

6. While the Secretary of State in Council reserves to himself the right to postpone the acceptance of the resignations of officers until suitable arrangements can be made for their replacement an officer who has been granted permission to retire under these orders will only be detained in India beyond the date on which he desires leave if his detention cannot be avoided without prejudice to the public interest. Ordinarily, the local Government under which the officer is employed will intimate when forwarding his application whether it considers that the Secretary of State in Council should exercise the right reserved to himself of postponing the acceptance of his resignation and if so for what period; but the local Government must be given discretion to determine with due regard to the public interest the date when leave granted under paragraph 2 will begin, even though the officer's resignation has been accepted by the Secretary of State.

7. The Secretary of State in Council intends as soon as possible to re-issue in the form of rules under section 96-B (2) and (3) of the Government of India Act, the orders issued on November the 8th last by the Government of India as already amended and as amended by the present announcement, and he takes this opportunity of announcing that the orders applicable to officers serving in other Provinces will apply to officers serving in Burma with effect from the date on which the notification of the Governor General in Council dated October the 7th last, constituting Burma a Governor's Province, is brought into operation.

“ No. F.-505-I., dated Simla, the 5th July 1922.

The following announcement by the Secretary of State dated the 5th July 1922 is published for general information:—

In continuation of the orders issued on November the 8th, 1921, regarding the premature retirement of officers of the Indian Services on proportionate pensions the Secretary of State in Council has decided that an officer awarded a proportionate pension may be permitted to commute a portion of his pension not exceeding the third of the whole, unless in the opinion of the sanctioning authority (the local Government under which the officer was last employed for an officer who draws his pension directly or indirectly from Indian Treasuries and the High Commissioner in all other cases) there are exceptional reasons for refusing sanction to the application in whole or in part. If the sanctioning authority considers that such reasons exist the case will be referred for the decision of the Secretary of State in Council.

2. An officer in Europe desirous of commuting must make application, in writing, to the High Commissioner stating his desire so to commute and furnishing information as to his age and the reasons on which he bases his request. Permission to commute in sterling will not ordinarily be granted by the High Commissioner to an officer residing only temporarily out of India. Commutation in his case will ordinarily be dealt with by the authorities in India.

3. If the High Commissioner approves the commutation, the officer will be so informed, and his application will be referred to the Medical Board at the India Office.

4. The Board will require the officer to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in assurance companies, and he will be required to submit himself for personal examination by the Board at the India Office.

5. An officer residing in a Dominion or Colony (other than those whose accounts are adjusted directly with Indian Treasuries) and desirous of commuting will be required to follow a procedure similar to that in the case of an officer residing in Europe except that he will apply to the High Commissioner through the official from whom he draws his pension. If the application is approved the officer will be informed accordingly, and a special civil medical board will be assembled under the orders of the Local Colonial Government.

The Medical Board will report in the following form:—

'We have carefully examined and are of opinion that he is (or is not) in good bodily health, and has (or has not) the prospect of an average duration of life. We therefore (or do not) recommend compliance with his application to be allowed to capitalise a portion of his pension.'

In the case of impaired lives in which compliance with the officer's application is recommended, but with an addition of years of age, the following should be added:—'but as he is suffering his age for purposes of commutation should be taken to be years.'

6. The basis of commutation, subject to an addition of years of age in the case of impaired lives, shall be the following table, the age of the officer being reckoned at the age he will attain on the birthday next succeeding the date upon which the capitalised sum will become payable:—

Age next Birthday.	Number of Years' Purchase.	Present value of the annuity of £100.	Age next Birthday.	Number of Years' Purchase.	Present value of the annuity of £100.

NOTE 1.—These rates are subject to modification by the Secretary of State in Council from time to time.

NOTE 2.—In order to ensure payment at the rate shown for any specified age it is essential that an application to commute should reach the High Commissioner's office at least one month before the applicant reaches that age.

7. When the commutation has been sanctioned by the High Commissioner, the applicant will be informed accordingly, and will have the option of withdrawing his application within one week after receiving notice.

8. If the applicant does not withdraw his application within that period, the decision will be considered final, and the commutation of pension will become absolute, and payment will be made forthwith, the payment of the commuted pension thereupon ceasing.

9. The capitalised sum will be payable in India if the commutation is effected there; in all other cases it will be payable in England. When commutation of a sterling pension is effected in India by Officers residing temporarily in that country the commutation will be on the basis of the current rate of exchange, the rate adopted being the rate of exchange

10. The commutation of the proportionate pension of an officer who draws his pension directly or indirectly from Indian Treasuries will be governed by rules which the Government of India are issuing separately.

“ No. F.-505-II, dated Simla, the 5th July 1922.

With reference to rule 10 of the rules contained in the announcement of the Secretary of State which was published in the Notification of the Government of India in this Department No. F.-505-I., dated the 5th July 1922, the rules governing the commutation of the proportionate pensions of pensioners who draw their pensions directly or indirectly from Indian Treasuries are herewith published for general information. The table for the commutation of pension differs from the table in the Secretary of State's announcement because of the necessity of calculating it upon the basis of a life table applicable to Indian instead of to English conditions.

1. These rules apply only to pensioners drawing pensions directly or indirectly from Indian Treasuries. Other pensioners should apply to the India Office, when their applications will be considered on their merits.

Note.—The expression ‘drawing their pensions indirectly from Indian Treasuries,’ refers to case of pensioners residing in Ceylon, the Straits Settlements or the East African Protectorate and drawing their pensions from the local Treasuries, the amounts being subsequently adjusted in the books of the Accountant General, Central Revenues.

2. Subject to the conditions stated in these rules, the local Governments are competent to sanction the commutation for a lump payment of a portion not exceeding one-third of the pension which has been or is about to be granted to any person.

3. An Application for commutation submitted through an authority having power under the Memorial Rules to withhold a memorial may be withheld by such authority, if satisfied that it is not a case in which commutation should be allowed. The applicant's right of appeal will be regulated by the Memorial Rules.

4. In cases in which an applicant bases his request on circumstances which can only be verified by an authority other than the authority competent under rule 2 to sanction the commutation, the request should not be granted until the verification has been made.

5. The incidence of the commutation payment will in all cases follow that of the pension, and the commuted amount must be made payable at the treasury at which the pension is being or is to be drawn. If a pensioner who has obtained commutation of a portion of his pension transfers himself thereafter to another province, a note must be made on the Pension Payment Order as to the amount of pension which has been commuted.

6. Application for commutation shall be made in Form A appended to these rules.

7. The sanctioning authority shall satisfy itself :—

(1) That the commutation will be to the distinct and permanent advantage of the pensioner or his family.

(2) That the residue of pension which will be left after commutation is sufficient to maintain the pensioner in accordance with his station in life in retirement, due regard being had to the manner of application of the amount realised on commutation.

The sanctioning authority may also, at its discretion, require guarantees and impose such terms and safeguards as it may deem fit to ensure the prudent application of the amount payable in commutation if sanctioned.

8. (a) If on consideration of the facts stated in the application, the sanctioning authority decides to allow commutation, the applicant should be required to produce a certificate as to his expectation of life, from a medical officer who would be of not lower standing than a Civil Surgeon, District Medical Officer or Presidency Surgeon. The sanctioning authority may further, at its discretion, require a second medical opinion or direct the applicant to appear before a Medical Board.

(b) The certifying Surgeon or Board shall subject the applicant to a strict medical examination, requiring him to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in assurance companies, and will report in the following form :—

I $\frac{I}{We}$ have carefully examined _____ and $\frac{am}{are}$ of opinion that he $\frac{is}{is\ not}$ in good bodily health and $\frac{has}{has\ not}$ the prospect of an average duration of life.

I $\frac{I}{We}$ therefore, $\frac{do}{do\ not}$ recommend compliance with his application to be allowed to capitalise a portion of his pension.

In the case of impaired lives in which compliance with the above

'but as he is suffering from
should be taken to be years.'

his age, for purposes of commutation,

(c) The applicant should himself pay the medical officer's fee for examination except when a second medical opinion is required or the applicant is directed to appear before a Medical Board, in which case the examination will be made free of charge by medical officers at the request of the authority indicated in rule 2.

9. The lump sum payable on commutation will be the amount certified by the Audit Officer to be admissible according to the table of present values appended to these rules. This amount may be intimated, at the discretion of the sanctioning authority, to the applicant for definite acceptance or rejection, within a specified period before final sanction to commutation issues.

10. Commutation, when sanctioned, shall take effect from a date, to be named in the order, which should ordinarily be about one month later than the date of the order; and all calculations shall be made with reference to that date. Payment of the commuted portion of the pension will cease from the date specified and the sum payable on commutation will be paid on that date or as soon afterwards as possible.

Note.—In special cases the sanctioning authority may sanction the commutation with effect from an earlier date than that mentioned in this rule not preceding the date of the sanction, all calculations being made with reference to such earlier date.

11. A commutation once applied for, sanctioned, and given effect to, cannot be rescinded, i.e., the portion of a pension commuted cannot be restored on refund of its capitalised value.

12. If a pensioner whose pension has been commuted dies on or after the date from which the commutation is to take effect under rule 10 but before he receives the commutation value this value is payable to his heirs.

15. In the case of a pensioner who is re-employed in Government service or in the service of a Local Fund and who commutes a portion of his pension before or after such re-employment, the amount which the pensioner is entitled to draw under the rules in Chapter XXI of the Civil Service Regulations shall be the amount to which he would have been entitled under those rules had there been no commutation, less the amount commuted.

FORM.

I, _____, desire to commute a portion of my _____ pension of Rs. _____ AS _____ PS. _____ a month. After careful consideration I am convinced that it will be to the distinct and permanent advantage of myself and my family to apply, as I am resolved to do, the commuted value in the manner detailed in separate signed statement* I have attached hereto. I also certify that I have correctly answered each and all of the questions below.

No fee shall be charged for such examination or for the grant of a certificate in pursuance thereof.

(3) The Certifying Surgeon shall, when satisfied as to the correctness of the entries made therein, sign the foil and initial the counterfoil, and shall deliver the foil to the person in whose name the certificate is granted. The foil so delivered shall be the certificate granted under section 7 of the Act.

The counterfoil in the bound book of forms shall be similarly marked "Duplicate" and initialled.

At each of these visits the manager shall produce before him at such time as the Certifying Surgeon may fix all children employed in the factory, whether actually at work or not, who are not in possession of certificates granted under section 7 of the Act.

(2) The Certifying Surgeon shall personally examine every child, who is in possession of a "Provisional" certificate, granted under section 8, and shall, if satisfied that a certificate should be granted, destroy the provisional certificate and issue his own certificate in place of it.

(3) If on such examination the Certifying Surgeon is of opinion that the person in possession of a "Provisional" certificate, granted under section 8, is under the age of twelve years or is not fit for employment in a factory, he shall impound the certificate, write on it the word "Cancelled" and sign the same, and shall forward the certificate with such remarks, if any, as he may offer to the Inspector of Factories for information, and inform the person who issued it.

14. The Certifying Surgeon at his periodical visits shall satisfy himself as to the fitness of the children employed in the factory and shall revoke the certificates of any whom he deems to be unfit.

The inspector shall consider and dispose of such objections, after making such enquiry as he may deem necessary, and shall make up his register of factories accordingly.

5. *Notice when factory ceases to be occupied.*—When any premises cease to be occupied as a factory the occupier may give notice of the fact to the inspector, who shall, if satisfied that the Act is no longer applicable to such premises, remove them from his register of factories. The inspector may without such notice of his own motion at any time remove any factory from his register if satisfied that it is no longer used as such:

Provided that seasonal factories shall not be removed from the register if there is a probability of their again starting work within a reasonable time.

6. *Inspection.*—The inspector shall be primarily responsible for the administration of the Act within such area as is assigned to him by the Director of Industries, Bombay. He shall inspect every factory, other than a seasonal factory, within

that area at least four times yearly and every seasonal factory within that area at least once during each season of work. He shall also make such further inspections as may appear to be necessary to him, or to the authority to whom he is subordinate, in order that he may satisfy himself that the provisions of the Act and of these rules are duly observed.

7. (1) The inspector shall at each inspection of a factory satisfy himself that the provisions made in the Act and rules to secure the health and safety of the operatives are observed: that the children employed in the factory have been duly certified and the register of children properly maintained: that the hours of employment of women and children and of persons working in shifts are properly recorded: that the periodical stoppages of work and the holidays provided by the Act are granted and that the limits of hours of work laid down therein are not exceeded: and that the abstract and notice prescribed by section 36 of the Act are duly maintained and affixed. He shall further inquire into the cause of all serious accidents which have taken place since the last inspection. In the case of fatal accidents he shall visit the factory concerned as soon as possible after the receipt of the report of the accident for the purpose of holding a special inquiry. Finally, he shall note how far defects pointed out at previous inspections have been removed and how far orders previously issued have been complied with. Any defects which have come to light at the present inspection as well as any orders passed by him under the Act shall then be recorded. An extract from such record containing the order of the inspector and such remarks on defects found to exist as the inspector may wish to bring to the manager's notice shall be sent to the manager, and a copy of this said extract shall be sent to the District Magistrate.

Proviso—When in any area the District Magistrate or an additional inspector exercises all or certain of the powers of an inspector, a copy of the orders and remarks aforesaid shall be sent by the District Magistrate to the inspector appointed under section 4, subsection (1), of the Act.

8. The inspector shall keep a file of the records of his inspections arranged in monthly bundles and shall submit to the authority to whom he is subordinate for the purposes of this Act, on the tenth day of each month, a diary in Form B attached to the rules, showing the work done in the preceding month. A copy of the said diary shall be retained by the inspector.

[Section 37 continued.]

9. *Duties of certifying surgeon or person authorised to exercise his functions*—(1) The duties of a certifying surgeon, as such, and of a person authorised under section 8 of the Act to exercise his functions, are confined to the examination of persons desirous of being employed in a factory and the grant to them of certificates of age and of physical fitness. No fee shall be charged for such examination or for the grant of a certificate in pursuance thereof.

(2) The certifying surgeon or person authorised as aforesaid shall fix such place and such times as may be proper for the attendance of persons wishing to obtain certificates of age and physical fitness. Notice of the place and the times thus fixed shall be given to the managers of factories within the local limits for which he is appointed.

10. (1) Every certifying surgeon shall keep a bound book containing forms in foil and counterfoil as in Form C attached to these rules. The forms shall be numbered consecutively, and shall be printed on cloth-backed paper.

(2) Every certificate granted under section 7 of the Act to a person desirous of being employed in a factory shall be prepared by filling up the foil and counterfoil, on which shall also be impressed the left thumb mark of the person in whose name the certificate is granted.

(3) The certifying surgeon shall, when satisfied as to the correctness of the entries made therein, sign the foil and initial the counterfoil and shall deliver the foil to the person in whose name the certificate is granted. The foil so delivered shall be the certificate granted under section 7 of the Act.

(4) If the certifying surgeon refuses to grant to any person a certificate under this rule, no fresh application for a certificate shall be made on behalf of such person until a period of three months has elapsed, unless the certifying surgeon otherwise gives permission in writing at the time of refusing to grant the certificate.

11. *Grant of provisional certificate under section 8.*—Every person authorised under section 8 of the Act to exercise provisionally the functions of a certifying surgeon shall grant certificates in the manner provided for in the last foregoing rule. The word "provisional" shall however be printed or stamped in red ink at the top of each foil and counterfoil.

12. *Grant of duplicate certificates.*—(1) When a person, to whom a certificate under section 7 of the Act has been granted, loses such certificate, he may apply to the certifying surgeon, for a copy of the certificate, and the certifying surgeon, after making such enquiry as he deems fit, may grant a duplicate thereof. The word "duplicate" shall be clearly written in red ink across such certificate and initialled by the certifying surgeon. The counterfoil in the bound book of forms shall be similarly marked "duplicate" and initialled.

(2) For every copy of a certificate granted under clause (1) of this rule, a fee of one rupee shall be charged, which shall be credited to Government. The certifying surgeon shall maintain a register in Form D of all fees paid for the issue of copies of certificates, and shall initial each entry made therein.

(3) No second certificate under section 7 of the Act shall be granted to any person otherwise than in accordance with the provisions of this rule.

13. (1) When a certifying surgeon visits a factory within the local limits for which he is appointed, the manager shall produce before him all children employed in the factory, whether actually at work or not, who are not in possession of certificates granted under section 7 of the Act :

Provided that children employed solely in the places mentioned in section 8, sub-section (2), of the Act need not be produced before him.

(2) The certifying surgeon shall personally examine every child, who is in possession of a "provisional" certificate granted under section 8, and shall, if satisfied as to the correctness of the "provisional" certificate, countersign the same and return it to its owner.

(3) If on such examination, the certifying surgeon is of opinion that the person in possession of a "provisional" certificate granted under section 8 is under the age of nine years or is not fit for employment in a factory, he shall retain the certificate, write on it the word "cancelled" and sign the same, and shall return the certificate with such remarks, if any, as he may offer to the person who issued it.

(2) The Local Government may by special order exempt any class of factories or parts thereof from the provisions of this rule, on the ground that the said provisions are not necessary to satisfy the requirements of clause (a) of section 9 of the Act as to cleanliness or are, by reason of special circumstances, inapplicable :

Provided that in the case of a seasonal factory which has the ceiling or roof constructed of corrugated or plain iron sheets the occupier shall be exempt from the necessity of lime-washing such ceiling or roof, but he shall have the interior of such ceiling or roof kept clean and thoroughly swept down at least once in every working season, and, if the Inspector so directs, more often than once in such season.*

If the sender is desirous of altering or adding to an address, he may do so by means of a paid service advice.

Undelivered Radio-telegrams addressed to ships.

15. When a radio-telegram reaching a ship at sea cannot be delivered, the office or ship-station of origin will be informed by service advice.

16. (1) The sender of a radio-telegram to a ship may indicate the maximum period for which he desires the message to be kept at the coast-station.

(2) If the sender does not specify any period, the office of origin will be informed by service advice on the morning of the 8th day after the despatch of the radio-telegram that it has not been possible to deliver the message to the ship of destination. The sender, who will be informed by the office of origin, may then, if he chooses, request, by means of a paid service advice to the coast-station (the prepayment being at the rate for a message to the coast-station, without payment of the wireless rate either for the coast-station or for the ship), that the radio-telegram may be retained for a further period of nine days, and so on. If no such request is received, the radio-telegram shall be treated as undeliverable at the end of the 9th day, not including the day of handing in.

No. 7107 dated 6th September 1892. in the Revenue Department specified in
No. 8999 dated 15th November 1892. the margin, the Government of Bombay
No. 496 dated 21st January 1895. (Transferred Departments) is pleased to

make the following rules for prescribing and limiting the powers and duties of forest officers under the said Act, namely :—

1. *Commissioner to be Chief Controlling Authority.*—Forest administration is under the chief controlling authority, which, by section 4 of the Bombay Land Revenue Code, 1879, is vested in the Commissioner, subject to the orders of the Government.

All forest-officers from Conservators downwards as well as Revenue officers who are concerned in the management of forests are therefore subject, in all matters relating to Forest administration, to the Commissioner.

2. *Duties of Commissioners.*—Except in matters relating to departmental finance, to purely technical forest operations, to appointment, leave or transfer of establishment, and to other matters with which the Chief Conservator is empowered to deal, the Commissioner in Sind and the Commissioners, Northern, Central and Southern Divisions shall, for the purposes of administration—

- (a) issue orders and instructions to Collectors, Conservators and Deputy Conservators of Forests in independent charge of Circles;
- (b) interpret the orders of Government where any question arises as to the meaning of such orders;
- (c) settle all matters in which any difference of opinion arises between the Forest Department and any other department;
- (d) promote generally the harmonious working of the Revenue and Forest Departments; and
- (e) receive, consider and, with their own views in each case, when such reference is necessary, refer to Government all reports respecting forest matters submitted to them, whether from the Revenue or from the Forest Department.

3. *Collectors to be responsible for forest administration.*—Except in matters relating to purely technical forest operations, the Collector of each district is responsible for forest administration and the Divisional Forest officers shall be assistants to the Collector and subject to his orders.

4. *Chief Conservator: His powers and duties.*—The Chief Conservator of Forests is the local head of the Forest Department and the technical adviser of Government in Forest matters. He is empowered to deal on his own authority with purely technical questions, such as the operation of sanctioned working plans, fire protection and sylvicultural operations generally, and with matters regarding which powers have been delegated to him. In regard to all purely technical matters he will be the controlling authority over the Conservators and in regard to other matters he should be in the position of adviser, being consulted either by the Commissioner or by Government as the case may be.

5. *Powers of Conservators and Deputy Conservators.*—Subject to the other provisions of these rules and subject to the instructions issued by the Chief Conservator from time to time, each Conservator of Forests in his own Circle or Deputy Conservator in independent charge of a Circle shall direct all technical forest operations.

6. *Conservators and Deputy Conservators to control forest officers.*—Except in so far as is otherwise directed in rules or orders of Government, the departmental control of all forest-officers in a Circle vests in the Conservator of Forests of that Circle, or in the Deputy Conservator in independent charge of a Circle, subject to the Chief Conservator.

7. *Procedure regarding Departmental communications.*—In matters relating to departmental finance or to appointment, transfer or leave of establishment, and in those mentioned in rule 4, as matters to be dealt with by the P. P. on his own authority the Conservators will address all communications to the Chief Conservator. On other subjects they will address the Commissioner concerned.

8. *Divisional forest-officers.*—All Divisional Forest-officers and their subordinates shall, in all but purely technical matters, be subordinate to the Collector of the district in which they are serving. Appointments, postings, punishments, rewards, leave and transfer of subordinate forest establishment shall be made, awarded or granted by the Divisional Forest-officer subject to the general power of control vested in the Commissioner under rule 2 (c).

9. *Powers of Collector and Divisional Forest-officer re local supply, public rights, pastures, etc.*—In all matters relating to local supply, including grass, grazing and the rights and privileges of the people in or in respect of forest, orders shall be issued by the Divisional Forest-officer after approval by the Collector.

The management and control of the pastures and fodder reserves vests exclusively in the Collector subject to the orders of the Commissioner and of Government. In this respect the Conservator of Forests and the Divisional Forest-officers are to act in the capacity of consultative officers, advising and giving their opinions on all questions of a technical character that may be referred to them by any of the said authorities.

10. *Forest compartment not to be closed except under the orders of the Collector.*—No forest compartment shall be closed, whether for planting or reboisement or for punitive purposes, except under the order or with the approval of the Collector.

This rule does not apply to the closure of compartments which have been recently felled in strict accordance with a duly sanctioned working plan.

11. *Certain cases to be submitted through the Collector; Difference of opinion.*—Subject to any instructions which may be given by the Commissioner, orders issued by a Conservator to any Divisional Forest-officer and all correspondence between the Conservator and any such officer on the following subjects shall be forwarded through the Collector who will record such remarks thereon or (in matters other than such as are described in rules 4 and 5) give such directions with regard thereto as he thinks fit:—

- Working Plans,
- Fixing of rates for sale of minor forest produce,
- Forest Settlements,
- Afforestation and disforestation,
- Rights and privileges,
- Closure of forest areas in respect of grazing or other privileges,
- Enhancement or reduction of grazing fees,

- Annual administration report,
- Recovery of forest revenue or outstandings under section 81 of the Act,
- Supply of fire-arms,
- Diaries of Divisional Forest Officers,
- Civil suits,
- Thefts of Government money.

In the event of a difference of opinion between a Collector and the Conservator of Forests, either officer may refer the matter to the Commissioner, who will either dispose of the reference himself, or, if he thinks it necessary, obtain the orders of Government.

12. *Divisional Forest-officer to report places of cutting, etc., to the Collector.*—It shall be the duty of the Divisional Forest-officer to inform the Collector of the places where any cutting is to be made or where special protection is needed. The Collector shall then publish, through his Assistants and other subordinates, the places—

- (a) where supplies of food, grass, or rab, etc., may be obtained, and
- (b) where the grazing of cattle is prohibited or allowed.

13. *Orders of Forest-officers to village-officers to be ordinarily sent through Mamlatdar.*—Orders by Forest-officers to village-officers shall ordinarily be sent through the Mamlatdar to whom the village officers are subordinate but may, if urgent, be sent direct: provided that in the latter case a copy of the order shall at the same time be sent to such Mamlatdar as aforesaid.

14. *Forest guards not to leave beat for report to revenue or police officer.*—No revenue or police officer shall call a Forest guard off his beat, nor shall a forest guard leave his beat in order to report himself to such officer.

15. *Action to be taken when felling of a compartment is delayed beyond due time.*—(1) If it becomes necessary to delay the felling of a compartment beyond the time at which such felling would, according to regular rotation, be due, the Collector of the district shall, in consultation with the Conservator of the Circle and subject to the sanction of the Commissioner of the division, make arrangements for meeting the requirements of villagers in the locality.

(2) For such purpose the villagers may, if necessary, and if no other arrangement is practicable, be permitted to enter the compartment, the felling whereof has been so delayed, and lop for themselves the material to which, but for such delay, they would have been entitled.
